

Water-proof Pigtails is generally used in the severe field environment, so it greatly depends on the components' reliability. Our employs the advanced technique and production equipment to ensure its good performance and environmental stability. Our provides various types available for customers.

## Feature

- Good repeatability
- low insertion loss
- Waterproof and anti-bit
- Good temperature stability
- Tensile strength
- Easy installation

## Application

- Telecommunication system
- LAN,CATV
- Optical access network
- Data transmission
- Testing equipment
- FTTX application

## Specification

| Specifications           | Parameters        |
|--------------------------|-------------------|
| Connectors Types         | FC,ST,SC,LC       |
| Fiber Type               | SM,MM             |
| Core                     | 2~12              |
| Insertion Loss (dB)      | ≤0.3              |
| Repeatability (dB)       | ≤0.2    1000Times |
| Working Temperature (°C) | -40 ~ +85         |
