

Hybrid fiber optic adaptors offer a solution for hybrid applications where the two different kinds of fiber connectors or cable assemblies need to be linked with each other. Our hybrid adaptors conform to international standards and quality tested, and are available in singlemode, multimode and many different connector-type configurations.

Feature

- High precision alignment
- Low insertion loss
- High return loss
- High reconnectability
- Good compatibility
- Excellent reliability and stability

Application

- Telecommunications networks
- Local area networks
- Data processing networks
- Premises distribution
- Test and laboratory equipment
- Industrial and military application

Specification

Specifications	Parameters
Insertion Loss (dB)	≤ 0.2
Repeatability(dB)	≤ 0.1 500Times
Tensile Load (KG)	≥ 7
Operating Temperature (°C)	-40~80
