

LC Quick Assembly Connector

LC quick assembly connectors connectors are factory terminated and polished to make fibre terminations fast, easy and reliable. These fibre optic connectors offer terminations in less than 2 minutes without any difficulty and require no epoxy, polishing or crimping. They greatly reduce the installation and set up time. It has a window feature to allow testing with a visual fault locator.

Feature

- Field installation, fast connection
- Easy for operation
- No glue, no polishing
- High performance and high reliability
- Cost effective

Application

- CATV
- FTTH
- Optical distribution frame
- Optical network equipments

Specification

Items	Parameters	
Cable Diameter	Drop cable. Indoor cable(0.9/2.0/3.0mm)	
Fiber Type	G657A1,G657A2	
Operation Time	About 50s(no fiber cut)	
Insertion Loss (dB)	≤0.3 (1310nm-1550nm)	
Return Loss (dB)	PC≥45	APC≥50
Fastening strength of naked fiber(N)	>5	
Fastening strength of naked fiber holder(N)	>10	
Tensile Strength(N)	>50	
Operating Temperature (°C)	-40~+75
